

Cloud Hosting with aceCloud

Cloud computing with **aceCloud** offers an array of hosted applications, services, storage, and virtual hardware; none of which you have to procure or maintain yourself. ACE handles all the setup, maintenance, and end user support. You get to enjoy using your application without worry or hassles. Cloud hosting makes computer backup, collaboration, data recovery, encryption, and synchronization a breeze.

Available applications and services:

- ✓ Hosted email, Microsoft Exchange, email archiving and discovery
- ✓ Offsite backup
- ✓ eFax
- ✓ File sync, secure file sharing and collaboration
- ✓ Website hosting
- ✓ Microsoft Office 365
- ✓ Dedicated Cloud Server or Cloud Networks to run your business applications
- ✓ The option of having your equipment in our data center

Additional ACE IT Services

aceRemotelIT is a complete managed IT service for businesses with 5-100 PCs. Your business shares our centralized computer infrastructure and network resources at a fraction of the cost of purchasing your own. We can also install and service additional networks, LANs, PCs, and servers for you, if you so choose.

aceVoIP Save 20-50% off your current phone bill. Eliminate the standard copper or other on premise PBX phone systems. Choose **aceVoIP**, our Voice over Internet Protocol (VoIP) phone service and get the phone features you need at a discount.

aceGuardian provides the data backup and security every organization needs. We monitor your servers and network 24/7/365, we backup your data automatically, and we make sure your PCs are protected against security threats.

aceInfrastructure can design and implement all your IT requirements and also provide setup and install enhancements like video surveillance, keycard door security, in-ceiling and conference room audio/video, and teleconferencing, with ongoing monitoring and maintenance.
