

## Security with aceGuardian

Safeguarding your computer hardware and software, and more importantly, the information on them is not just necessary, it's critical, and why we include **aceGuardian** in our basic IT service plan, **aceRemoteIT**. Defending your company against the threats you are most likely to confront is at the top of our list. You and your data will be protected with:

- ✓ Top rated antivirus and anti-malware software installation, updates and automated scans
- ✓ Local and offsite encrypted backups
- ✓ Disaster recovery, available 24/7/365, with cloud server recovery (**aceCloud**)
- ✓ Monitoring with after-hours support from our knowledgeable service team
- ✓ VPN management
- ✓ Install 3<sup>rd</sup> party software and security patches as needed to decrease your risk of cyber-attacks

In addition, **aceInfrastructure** can support your mission critical networks and increase your security with cameras and keycard entry systems.

### Additional ACE IT Services

**aceRemoteIT** is a complete managed IT service for businesses with 5-100 PCs. Your business shares our centralized computer infrastructure and network resources at a fraction of the cost of purchasing your own. We can also install and service additional networks, LANs, PCs, and servers for you, if you so choose.

**aceCloud** gives you access to our cloud server and a host of Internet applications that will make you and your team more collaborative and more productive.

**aceVoIP** Save 20-50% off your current phone bill. Eliminate the standard copper or other on premise PBX phone systems. Choose **aceVoIP**, our Voice over Internet Protocol (VoIP) phone service and get the phone features you need at a discount.

**aceInfrastructure** can design and implement all your IT requirements and also provide setup and install enhancements like video surveillance, keycard door security, in-ceiling and conference room audio/video, and teleconferencing, with ongoing monitoring and maintenance.
